

AlcoMeasure

Wall Mount Breathalyser

This Australian made, auto-calibrating wall mounted breathalyser offers unrivalled accuracy and reliability by calibrating itself at least every 48 hours, utilising its own internally fitted certified gas. The AlcoMeasure is available in a configuration to suit your needs for road safety, hospitality and workplace safety.

AlcoMeasure WM – System Integration

Offers multiple system integrating options, access control, employee/contractor management, time and attendance systems and live emailing of results.

- Warranty – 2 years
- AS3547:1997 Accuracy Certified
- Designed and manufactured in Australia, for Australian conditions
- Extremely fast testing times (faster than any other)
- Separate access to straw dispenser
- High quality, German manufactured fuel cell sensor by **Honeywell**
- PC Utility Program for configuration, data management and to install site specific information and advisory messages
- Auto-calibrates at least every 48 hours or may be set for Cal-Gas Optimisation
- Uses standard drinking straw: cocktail size 135mm (holds 600 unwrapped or 300 wrapped straws)

For pricing options, please see overleaf
